Compiled by Linda English

PART I — SUBJECTS 3–14

PART II — CONTRIBUTORS 14–21

PART III — BOOK REVIEWS 21–22

Abbreviation: C, correspondence

PART I. SUBJECTS

Abdominal pain
Childhood predictors of adult medically unexplained hospitalisations. Matthew Hotopf *et al* 273–280

Abortion
Post-abortion mania. I. F. Brockington (C) 92

Accident and emergency departments
Assessing young people who deliberately harm themselves. Jane Hurry and Pamela Storey 126–131
Assessment and discharge following deliberate self-harm. A. M. Bailey (C) 495. J. Bolton and G. Zolese (C) 495

Acute and transient psychotic disorders
Duration of remitting psychoses with acute onset. Implications for ICD–10. Ramin Mojtabai *et al* 576–580

Admissions
Changing patterns in use of the Mental Health Act 1983 in England. Matthew Hotopf *et al* 479–484
Childhood predictors of adult medically unexplained hospitalisations. Matthew Hotopf *et al* 273–280
Trends in special hospitals. 1. Elizabeth Jamieson *et al* 253–279

Adolescence
Assessing young people who deliberately harm themselves. Jane Hurry and Pamela Storey 126–131
Assessment and discharge following deliberate self-harm. A. M. Bailey (C) 495. J. Bolton and G. Zolese (C) 495
Catatonia in autistic spectrum disorders. Lorna Wing and Amitta Shah 357–362
First-episode major depression. Characteristics of risk status and predictors of onset. I. M. Goodyer *et al* 342–149
Impact of hospitalisation on outcome of anorexia nervosa. S. G. Gowers *et al* 138–141
Parental high concern and anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137
Psychiatric in-patients. A high-risk group for premature death. Ellen Kjelsberg 121–125

Adrenal steroids
First-episode major depression in adolescents. Characteristics of risk status and predictors of onset. I. M. Goodyer *et al* 142–149

Adult Personality Functioning Assessment
And Personality Assessment Schedule compared. Jonathan Hill *et al* 434–439

Affective disorders
Mortality and causes of death in a national sample of patients. Eyd Hansen Høyer *et al* 76–82
Mortality in patients on lithium. A. Brodersen *et al* 429–433
Substance misuse in first-episode psychosis. N. Malik *et al* (C) 195
see also **Affective psychoses, Bipolar disorder, Depression** *and* **Mania**

Affective psychoses
And obstetric complications. M. Bain *et al* 523–526. Invited commentaries. T. J. Crow; John L. Waddington 527–530
Three-year outcome of first-episode psychoses. Swaran P. Singh *et al* 210–216

African–Caribbeans
Cost-effectiveness of case management for psychosis. UK 700 Group 537–543

Ageing
And learning disability. A. J. Holland 26–31

Alcohol misuse
Anti-alcoholic serum. Henry Rollin (*One hundred years ago*) 96

Alzheimer's disease
APOE ε4 influences the manifestation in adults with Down's syndrome. Shoumitro Deb *et al* 468–472
Cognitive–behavioural family intervention to reduce the burden of care. Alison Marriott *et al* 557–562
Depression and risk. M. I. Geerlings *et al* 568–575
Familial influence on variation in age of onset and behavioural phenotype. Nigel Tunstall *et al* 156–159

Angelman syndrome
Genetic advances and learning disability. Walter J. Muir 12–19

Anorexia nervosa
Adolescent. Impact of hospitalisation on the outcome. S. G. Gowers *et al* 138–141
Compulsory treatment. P. J. V. Beumont (C) 298–299
Parental high concern and adolescent onset. Philip Shoebridge and Simon G. Gowers 132–137

Anti-alcoholic serum
Henry Rollin (*One hundred years ago*) 96

Antidepressants
Choice to minimise treatment resistance. A. R. Fraser (C) 493–494
Drug treatment for resistant depression. S. Daniels (C) 398. M.-F. Poirier (*Author's reply*) (C) 398
Fluoxetine *v.* placebo and tricyclics in the short-term treatment of major depression. P. Bech *et al* 421–428
Prognosis of depression in the community-dwelling elderly. Aisling Denihan *et al* 453–457
Response reversed by interferon. R. H. McAllister-Williams *et al* (C) 93

see also **Selective serotonin reuptake inhibitors and** *individual drugs*

Antipsychotics
Cognitive effects in schizophrenia and relationship to quality of life. W. Kaiser (C) 92–93. T. Sharma (*Author's reply*) (C) 93
Induction of manic symptoms by novel antipsychotics. S. Fahy and T. J. Fahy (C) 597
Motor responses to transcranial magnetic stimulation in schizophrenia. N. J. Davey and B. K. Puri (C) 400
Reducing medication in people with a learning disability. Zahir Ahmed *et al* 42–46
Sudden unexplained death in in-patients. Louis Appleby *et al* (*Editorial*) 405–406
see also **Clozapine, Olanzapine** *and* **Quetiapine**

Anxiety control training
Invited commentary on: Fear reduction by psychotherapies. Philip Snaith 512–513

Anxiety disorders
Factors predicting the clinical course of generalised anxiety disorder. Kimberly A. Yonkers *et al* 544–549
Fear reduction by psychotherapies. Isaac Marks and Reuven Dar (*Editorial*) 507–511. Invited commentary. Philip Snaith 512–513
see also **Panic disorder** *and* **Phobias**

Apolipoprotein E gene
APOE ε4, Alzheimer's disease and Down's syndrome. Shoumitro Deb *et al* 468–472

Artistic ability
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463

Assertive community treatment (ACT)
Effectiveness of intensive treatment in severe mental illness. P. Tyrer (C) 492–493
PACT to the future. O. A. Ayonrinde *et al* (C) 397–398

Asylums
Employment of the insane. Henry Rollin (*One hundred years ago*) 401
Glasgow District Asylum, Gartloch. Henry Rollin (*One hundred years ago*) 195–196
Metropolitan Asylums Board and its Assistant Medical Officers. Henry Rollin (*One hundred years ago*) 300

Australia
Compulsory treatment in anorexia nervosa. P. J. V. Beumont (C) 298–299
Focus on psychiatry. Scott Henderson 97–101
HoNOS update from down under. T. Trauer 393–394

Autistic spectrum disorders
Autism – an evolving concept. T. P. Berney 20–25
Catatonia. Lorna Wing and Amitta Shah 357–362

β-CIT
Serotonin transporters in ecstasy users. A. Heinz and D. W. Jones (C) 193–194. K. P. Ebmeier *et al* (*Authors' reply*) (C) 194–195

Behavioural disturbance
Cognitive–behavioural family intervention to reduce the burden of care in Alzheimer's disease. Alison Marriott *et al* 557–562
Familial influence on variation in age of onset and behavioural phenotype in Alzheimer's disease. Nigel Tunstall *et al* 156–159
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192
Reducing antipsychotic medication in people with a learning disability. Zahir Ahmed *et al* 42–46
Substance misuse, psychiatric disorder and violent and disturbed behaviour. Michael Soyka 345–350

Bereavement
Studying grief in adults with learning disabilities. C. A. Lyons (C) 297. S. Hollins (*Author's reply*) (C) 297–298

Bioethics
And genetic research in psychiatry. Anne E. Farmer *et al* (*Editorial*) 105–108

Bipolar disorder
Lithium-induced hypothyroidism. S. Bhandari (C) 95

Books received 504

Borderline personality disorder
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491

Brain
Cerebral perfusion in chronic fatigue syndrome and depression. Siobhan M. MacHale *et al* 550–556
Commenting on neuroimaging. S. A. Spence (C) 594
Compensation for deficits. Ian H. Robertson (*Editorial*) 412–413
Correlation between cerebral perfusion and depressive symptom scores from morning to evening. K. P. Ebmeier (C) 95
Functional anatomy of verbal fluency in schizophrenia. Sean A. Spence *et al* 52–60. Invited commentary. T. J. Crow 61–63
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463
Impaired regulation of serotonin function during dieting in women recovered from depression. K. A. Smith *et al* 72–75
Is psychiatry more mindful or brainier than it was a decade ago? Leon Eisenberg (*Editorial*) 1–5
Magnetic resonance spectroscopy. Bridging the neurochemistry and neuroanatomy of schizophrenia. Peter F. Buckley and Lee Friedman (*Editorial*) 203–205
Serotonin transporters in ecstasy users. A. Heinz and D. W. Jones (C) 193–194. K. P. Ebmeier *et al* (*Authors' reply*) (C) 194–195
Synaptophysin gene expression in schizophrenia. Sharon L. Eastwood *et al* 236–242
Tryptophan depletion in panic disorder. H. E. J. Miller *et al* 182–188

Brief Symptom Inventory
Psychiatric symptoms and drug dependence. John Marsden *et al* 285–289
Psychological debriefing for road traffic accident victims. R. A. Mayou *et al* 589–593

British Journal of Psychiatry
Open peer review: randomised controlled trial. Elizabeth Walsh *et al* 47–51

Camberwell Assessment of Need for Adults with Developmental and Intellectual Disabilities (CANDID)
Reliability and validity. K. Xenitidis *et al* 473–478

Camberwell Assessment of Need for the Elderly (CANE)
Development, validity and reliability. Tom Reynolds *et al* 444–452

Cardiff Depression Study
A sib-pair study of life events and familiality. Anne Farmer *et al* 150–155

Carers
Cognitive–behavioural family intervention to reduce the burden of care in Alzheimer's disease. Alison Marriott *et al* 557–562

Case management
Cost-effectiveness for severe psychosis. UK 700 Group 537–543

Cassel Personality Disorder Study
Methodology and treatment effects. Marco Chiesa and Peter Fonagy 485–491

Catatonia
In autistic spectrum disorders. Lorna Wing and Amitta Shah 357–362

Catchment areas
Non-attendance, non-residence, non-acceptance. P. Tyrer (C) 596

Center for Epidemiologic Studies Depression Scale
Depression, cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575
Low blood pressure and risk of depression in the elderly. Sabrina Paterniti *et al* 464–467

Cerebral asymmetry
Invited commentary on: Functional anatomy of verbal fluency in people with schizophrenia and those at genetic risk. The genetics of asymmetry and psychosis. T. J. Crow 61–63

Cerebral perfusion
In chronic fatigue syndrome and depression. Siobhan M. MacHale *et al* 550–556

Childbirth
Tokophobia: an unreasoning dread. Kristina Hofberg and Ian Brockington 83–85
see also **Obstetric complications**

Childhood
Autism – an evolving concept. T. P. Berney 20–25
How mental illness is portrayed in children's television. Claire Wilson *et al* 440–443
Maternal eating disorder and mother–child conflict. J. F. Morgan (C) 298. A. Stein *et al* (*Authors' reply*) (C) 298
Predictors of adult medically unexplained hospitalisations. Matthew Hotopf *et al* 273–280
Treatment interventions and research: bridging the chasm. Philip Graham (*Review Article*) 414–419. Invited commentary. Richard Harrington 420

Cholesterol
Depression, and suicide. A. Tanskanen *et al* (C) 398–399. K.-P. Su *et al* (C) 399. T. Partonen *et al* (*Authors' reply*) (C) 399–400

Chronic fatigue syndrome
And depression. Cerebral perfusion. Siobhan M. MacHale *et al* 550–556

Clinical trial reports
Authorship. D. Wheatley (C) 294. D. S. Baldwin and A. Benbow (*Authors' reply*) (C) 294. Editor's response 294

Clonazepam
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192

Clozapine
Induced thrombocytosis. M. E. Hampson (C) 400

CO_2-induced anxiety
Tryptophan depletion in panic disorder. H. E. J. Miller *et al* 182–188

Cognitive–behavioural therapy
Effectiveness of family intervention to reduce the burden of care in Alzheimer's disease. Alison Marriott *et al* 557–562

Cognitive impairment
Cognitive effects of antipsychotics in schizophrenia and relationship to quality of life. W. Kaiser (C) 92–93. T. Sharma (*Author's reply*) (C) 93
Compensation for brain deficits. Ian H. Robertson (*Editorial*) 412–413
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192
see also **Dementia**

Cognitive therapy
Fear reduction by psychotherapies. Isaac Marks and Reuven Dar (*Editorial*) 507–511. Invited commentary. Philip Snaith 512–513
Or imaginal exposure, in PTSD. T. J. Fahy (C) 597

Community care
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491
Effectiveness of intensive treatment in severe mental illness. P. Tyrer (C) 492–493
Long-stay patients discharged from psychiatric hospitals. TAPS Project 46. Julian Leff and Noam Trieman 217–223
PACT to the future. O. A. Ayonrinde *et al* (C) 397–398
Three-year outcome of first-episode psychoses. Swaran P. Singh *et al* 210–216

Community mental health teams
Effectiveness of intensive treatment in severe mental illness. P. Tyrer (C) 492–493

Comorbidity
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235
Psychiatric symptoms among clients seeking treatment for drug dependence. John Marsden *et al* 285–289

Compulsory treatment
Changing patterns in use in of the Mental Health Act 1983 in England. Matthew Hotopf *et al* 479–484
In anorexia nervosa. P. J. V. Beumont (C) 298–299
Involuntary out-patient commitment and reduction of violence. Jeffrey W. Swanson *et al* 324–331

Consent
In mandatory homicide inquiries. H. Rees and A. Lillywhite (C) 496

Corrigenda 401, 498, 598

Cortisol
First-episode major depression in adolescents. I. M. Goodyer *et al* 142–149

Creativity
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463

Criminality
Drug expenditure of injectors in Glasgow. S. J. Hutchinson *et al* 166–172
see also **Forensic psychiatry**

Cytokines
Depression and interferon-alpha therapy. E. M. Cassidy and V. O'Keane (C) 494

Deliberate self-harm
Assessing young people. Jane Hurry and Pamela Storey 126–131
Assessment and discharge. A. M. Bailey (C) 495. J. Bolton and G. Zolese (C) 495
Crisis telephone consultation. M. Darely (C) 91. M. O. Evans (*Author's reply*) (C) 91
v. suicide attempts. M. Lawlor *et al* (C) 91–92

Delusions
OCD and delusions revisited. Anne-Marie O'Dwyer and Isaac Marks 281–284
Stalking. A contemporary challenge for forensic and clinical psychiatry. J. H. Kamphuis and P. M. G. Emmelkamp (*Review Article*) 206–209

Dementia
APOE ε4, Alzheimer's disease and Down's syndrome. Shoumitro Deb *et al* 468–472
Cognitive–behavioural family intervention to reduce the burden of care in Alzheimer's disease. Alison Marriott *et al* 557–562
Depression and risk of cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575

Familial influence in Alzheimer's disease. Nigel Tunstall *et al* 156–159
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463
Outcome of hospital-treated depression at 4.5 years. An elderly and younger cohort compared. T. A. Tuma 224–228
Truth-telling and diagnosis. Gill Pinner (*Editorial*) 514–515

Denmark
Mortality in a national sample of patients with affective disorders. Eyd Hansen Høyer *et al* 76–82

Depression
Aetiology
Antidepressant response reversed by interferon. R. H. McAllister-Williams *et al* (C) 93
First-episode major depression in adolescents. Characteristics of risk status and predictors of onset. I. M. Goodyer *et al* 142–149
Interferon-alpha therapy. E. M. Cassidy and V. O'Keane (C) 494
Low blood pressure and risk in the elderly. Sabrina Paterniti *et al* 464–467
Post-stroke depression. V. Di Michele and F. Bolino (C) 94. G. Gainotti *et al* (*Authors' reply*) (C) 94–95
Psychological model of post-stroke major depression. S. Ramasubbu (C) 294–295. G. Gainotti (*Author's reply*) (C) 295–296
Self-efficacy as a mediator between stressful life events and symptoms. Paul K. Maciejewski *et al* 373–378
Comorbidity
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235
Complications
Cholesterol and suicide. A. Tanskanen *et al* (C) 398–399. K.-P. Su *et al* (C) 399. T. Partonen *et al* (*Authors' reply*) (C) 399–400
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192
Risk of cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575
Tokophobia: an unreasoning dread of childbirth. Kristina Hofberg and Ian Brockington 83–85
Genetics
Cardiff Depression Study. Anne Farmer *et al* 150–155
Outcome
Hospital-treated depression at 4.5 years. An elderly and younger cohort compared. T. A. Tuma 224–228
Three-year prognosis in the community-dwelling elderly. Aisling Denihan *et al* 453–457
Pathophysiology
Cerebral perfusion in chronic fatigue syndrome and depression. Siobhan M. MacHale *et al* 550–556
Correlation between cerebral perfusion and symptom scores from morning to evening. K. P. Ebmeier (C) 95
Impaired regulation of brain serotonin function during dieting in women recovered from depression. K. A. Smith *et al* 72–75
Interferon-alpha therapy. E. M. Cassidy and V. O'Keane (C) 494
see also **Antidepressants**

Developing countries
Integration of mental health care into primary care. Cost–outcome study. D. Chisholm *et al* 581–588
Psychiatric morbidity of a rural Indian community. D. N. Nandi *et al* 351–356

Diagnoses
OCD and delusions revisited. Anne-Marie O'Dwyer and Isaac Marks 281–284
Three-year outcome of first-episode psychoses. Swaran P. Singh *et al* 210–216
Truth-telling and dementia. Gill Pinner (*Editorial*) 514–515

Diet
Cholesterol, depression and suicide. A. Tanskanen *et al* (C) 398–399. K.-P. Su *et al* (C) 399. T. Partonen *et al* (*Authors' reply*) (C) 399–400
Impaired regulation of brain serotonin function during dieting in women recovered from depression. K. A. Smith *et al* 72–75
Smoking and lipid peroxide and vitamin E levels in never-treated first-episode schizophrenia. Scottish Schizophrenia Research Group (*Preliminary report*) 290–293

Dihydroepiandrosterone
First-episode major depression in adolescents. I. M. Goodyer *et al* 142–149

Disability Assessment Schedule
Reliability and validity of the CANDID. K. Xenitidis *et al* 473–478

Discharges
Long-stay patients discharged from psychiatric hospitals. TAPS Project 46. Julian Leff and Noam Trieman 217–223
Trends in special hospitals. 2. Martin Butwell *et al* 260–265

Doctors
Medical roles in mental health review tribunals. A. C. Gibson (C) 496–497
On tribunals. A confusion of roles. Genevra Richardson and David Machin (*Review Article*) 110–115

Down's syndrome
Ageing and learning disability. A. J. Holland 26–31
APOE ε4 influences the manifestation of Alzheimer's disease in adults. Shoumitro Deb *et al* 468–472
Genetic advances and learning disability. Walter J. Muir 12–19

Drug misuse
Extent and contributing factors of drug expenditure of injectors in Glasgow. S. J. Hutchinson *et al* 166–172
Psychiatric disorder, and violent and disturbed behaviour. Michael Soyka 345–350
Psychiatric symptoms among clients seeking treatment for dependence. John Marsden *et al* 285–289
Serotonin transporters in ecstasy users. A. Heinz and D. W. Jones (C) 193–194. K. P. Ebmeier *et al* (*Authors' reply*) (C) 194–195
Substance misuse in first-episode psychosis. N. Malik *et al* (C) 195
Three-year outcome of first-episode psychoses. Swaran P. Singh *et al* 210–216

Drugs
Effects of a pharmacist's medication review in nursing homes. Lee Furniss *et al* 563–567
see also **Anti-alcoholic serum, Antidepressants, Antipsychotics, Clonazepam, Clozapine, Fluoxetine, Interferon, Lithium, Methadone, Olanzapine, Paroxetine, Quetiapine, Selective serotonin reuptake inhibitors, Sertraline, Tricyclics, Tryptophan** *and* **Venlafaxine**

DSM–III–R
Impact of hospitalisation on outcome of adolescent anorexia nervosa. S. G. Gowers *et al* 138–141
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235
Parental high concern and anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137

Tryptophan depletion in panic disorder. H. E. J. Miller *et al* 182–188

Eating disorders
Bob Palmer (*Reading about*) 197–199
Compulsory treatment in anorexia nervosa. P. J. V. Beumont (C) 298–299
Impact of hospitalisation on outcome of adolescent anorexia nervosa. S. G. Gowers *et al* 138–141
Maternal, and mother–child conflict. J. F. Morgan (C) 298. A. Stein *et al* (*Authors' reply*) (C) 298
Parental high concern and adolescent-onset anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137

Economics
Cigarette smoking in patients with schizophrenia. P. Arshad and S. A. Arshad (C) 596. C. McDonald (C) 596–597
Cost-effectiveness of case management for psychosis. UK 700 Group 537–543
Drug expenditure of injectors in Glasgow. S. J. Hutchinson *et al* 166–172
Integration of mental health care into primary care. Cost–outcome study. D. Chisholm *et al* 581–588
Patients with schizophrenia who smoke. Private disaster, public resource. Robin G. McCreadie and Ciara Kelly (*Editorial*) 109
Resource allocation for mental health care. N. Brown and F. Oyebode (C) 299
Sluggish economics affect health of Japanese 'business warriors'. N. Takei *et al* (C) 494–495

Ecstasy
Serotonin transporters in users. A. Heinz and D. W. Jones (C) 193–194. K. P. Ebmeier *et al* (*Authors' reply*) (C) 194–195

Elderly
Ageing and learning disability. A. J. Holland 26–31
Camberwell Assessment of Need for the Elderly (CANE). Tom Reynolds *et al* 444–452
Depression and risk of cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575
Effects of a pharmacist's medication review in nursing homes. Lee Furniss *et al* 563–567
Low blood pressure and risk of depression. Sabrina Paterniti *et al* 464–467
Outcome of hospital-treated depression at 4.5 years. T. A. Tuma 224–228
Prognosis of depression in the community-dwelling. Aisling Denihan *et al* 453–457

Electroencephalogram
Spontaneous orgasms – an epileptic case without structural correlate. R. Crevenna *et al* (C) 300

Emergencies
Assessing young people who deliberately harm themselves. Jane Hurry and Pamela Storey 126–131
Assessment and discharge following deliberate self-harm. A. M. Bailey (C) 495. J. Bolton and G. Zolese (C) 495
Crisis telephone consultation for deliberate self-harm patients. M. Darely (C) 91. M. O. Evans (*Author's reply*) (C) 91

Endocrine system
First-episode major depression in adolescents. I. M. Goodyer *et al* 142–149

Endogenous depression
Psychological model of post-stroke major depression. S. Ramasubbu (C) 294–295. G. Gainotti (*Author's reply*) (C) 295–296

England
And Wales. Changes in suicide, 1960 to 1997. C. M. G. McLure 64–67
And Wales. Suicide trends. N. Middleton and D. Gunnell (C) 595
Changing patterns in use of the Mental Health Act 1983. Matthew Hotopf *et al* 479–484

Epidemiology
Population research and mental health policy. Brian Cooper and Bruce Singh (*Editorial*) 407–411

Epilepsy
Autism – an evolving concept. T. P. Berney 20–25
Spontaneous orgasms – a case without structural correlate. R. Crevenna *et al* (C) 300

Erotomania
Stalking. A contemporary challenge for forensic and clinical psychiatry. J. H. Kamphuis and P. M. G. Emmelkamp (*Review Article*) 206–209

Ethics
Bioethics and genetic research in psychiatry. Anne E. Farmer *et al* (*Editorial*) 105–108

Evidence-based psychiatry
Rehabilitation in forensic psychiatry. Per Lindqvist and Jeremy Skipworth 320–323
Treatment interventions and research in child psychiatry. Philip Graham (*Review Article*) 414–419. Invited commentary. Richard Harrington 420

Exposure
Fear reduction by psychotherapies. Isaac Marks and Reuven Dar (*Editorial*) 507–511. Invited commentary. Philip Snaith 512–513
Imaginal exposure or cognitive therapy in PTSD. T. J. Fahy (C) 597
Subjective imagery in OCD before and after therapy. Isaac M. Marks *et al* (*Preliminary report*) 387–391

Facial disfigurement
Phobic nature of social difficulty. Robert Newell and Isaac Marks 177–181

Families
Cardiff Depression Study. A sib-pair study of life events and familiality. Anne Farmer *et al* 150–155
Childhood predictors of adult medically unexplained hospitalisations. Matthew Hotopf *et al* 273–280
Familial influence in Alzheimer's disease. Nigel Tunstall *et al* 156–159
Parental high concern and anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137

Family therapy
Cognitive–behavioural intervention to reduce the burden of care in Alzheimer's disease. Alison Marriott *et al* 557–562

Fear Questionnaire
Social phobia and facial disfigurement. Robert Newell and Isaac Marks 177–181

Fear reduction
By psychotherapies. Isaac Marks and Reuven Dar (*Editorial*) 507–511. Invited commentary. Philip Snaith 512–513

Finland
Suicide attempts *v.* deliberate self-harm. M. Lawlor *et al* (C) 91–92

Fluoxetine
Induced anaesthesia of vagina and nipples. A. Michael and C. Mayer (C) 299
v. placebo and tricyclics in the short-term treatment of major depression. P. Bech *et al* 421–428

Forensic psychiatry
Changing patterns in use of the Mental Health Act 1983. Matthew Hotopf *et al* 479–484
Consent in mandatory homicide inquiries. H. Rees and A. Lillywhite (C) 496
Developing an actuarial tool for assessing violence risk. John Monahan *et al* 312–319
Evidence-based rehabilitation. Per Lindqvist and Jeremy Skipworth 320–323

Forensic mental health. Paul E. Mullen (*Editorial*) 307–311
Future directions for treatment. John Gunn 332–338
Involuntary out-patient commitment and reduction of violence. Jeffrey W. Swanson *et al* 324–331
Role of risk assessment in reducing homicides by people with mental illness. Eileen Munro and Judith Rumgay 116–120
Stalking. A contemporary challenge. J. H. Kamphuis and P. M. G. Emmelkamp (*Review Article*) 206–209
Substance misuse, psychiatric disorder and violent and disturbed behaviour. Michael Soyka 345–350
Trends in special hospitals
1: Referrals and admissions. Elizabeth Jamieson *et al* 253–259
2: Residency and discharge episodes. Martin Butwell *et al* 260–265
Violence in the workplace. Tony A. Fletcher *et al* 339–344

Frontotemporal dementia
Functional correlates of musical and visual ability. Bruce L. Miller *et al* 458–463

Functional magnetic resonance imaging
Subjective imagery in OCD before and after exposure therapy. Isaac M. Marks *et al* (*Preliminary report*) 387–391

Funding
Resource allocation for mental health care. N. Brown and F. Oyebode (C) 299

Gender differences
Adolescent psychiatric in-patients. A high-risk group for premature death. Ellen Kjelsberg 121–125
Changes in suicide in England and Wales. C. M. G. McLure 64–67
First-episode major depression in adolescents. I. M. Goodyer *et al* 142–149
Labour and delivery complications and schizophrenia. Majella Byrne *et al* 531–536
Psychiatric symptoms and drug dependence. John Marsden *et al* 285–289
Suicide attempts *v.* deliberate self-harm. M. Lawlor *et al* (C) 91–92
Synaptophysin gene expression in schizophrenia. Sharon L. Eastwood *et al* 236–242

Generalised anxiety disorder
Factors predicting the clinical course. Kimberly A. Yonkers *et al* 544–549

General practice *see* **Primary care**

Genetics
Advances and learning disability. Walter J. Muir 12–19
APOE ε4, Alzheimer's disease and Down's syndrome. Shoumitro Deb *et al* 468–472
Bioethics and genetic research in psychiatry. Anne E. Farmer *et al* (*Editorial*) 105–108
Familial influence on variation in age of onset and behavioural phenotype in Alzheimer's disease. Nigel Tunstall *et al* 156–159
Functional anatomy of verbal fluency in people with schizophrenia and those at genetic risk. Sean A. Spence *et al* 52–60. Invited commentary. T. J. Crow 61–63
Is psychiatry more mindful or brainier than it was a decade ago? Leon Eisenberg (*Editorial*) 1–5
Paternal age and schizophrenia in dizygotic twins. L. B. Raschka (C) 400–401
Synaptophysin gene expression in schizophrenia. Sharon L. Eastwood *et al* 236–242

Geographical mobility
Non-attendance, non-residence, non-acceptance. P. Tyrer (C) 596

Geriatric Mental State Schedule
Depression, cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575

Glasgow
Drug expenditure of injectors. S. J. Hutchinson *et al* 166–172
Glasgow District Asylum, Gartloch. Henry Rollin (*One hundred years ago*) 195–196

Global Assessment of Functioning
Reliability and validity of the CANDID. K. Xenitidis *et al* 473–478

Global Assessment Scale
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491

GMS–AGECAT
Prognosis of depression in the community-dwelling elderly. Aisling Denihan *et al* 453–457

Grief
Study in adults with learning disabilities. C. A. Lyons (C) 297. S. Hollins (*Author's reply*) (C) 297–298

Hamilton Rating Scale for Depression
Post-stroke depression. V. Di Michele and F. Bolino (C) 94. G. Gainotti *et al* (*Authors' reply*) (C) 94–95

Health authorities
Resource allocation for mental health care. N. Brown and F. Oyebode (C) 299

Health of the Nation Outcome Scales (HoNOS)
Assessment: from theory to practice. M. Slade *et al* 394–395
Progress. J. K. Wing *et al* 392–393
Update from down under. T. Trauer 393–394

Health services
Ageing and learning disability. A. J. Holland 26–31
Health care provision for people with a learning disability. Christopher L. Morgan *et al* 37–41

Homicide
Consent in mandatory inquiries. H. Rees and A. Lillywhite (C) 496
Role of risk assessment in reducing homicides by people with mental illness. Eileen Munro and Judith Rumgay 116–120

Hospitals
Adolescent psychiatric in-patients. A high-risk group for premature death. Ellen Kjelsberg 121–125
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491
Health care provision for people with a learning disability. Christopher L. Morgan *et al* 37–41
Impact of hospitalisation on outcome of adolescent anorexia nervosa. S. G. Gowers *et al* 138–141
Suicide in in-patients. John Powell *et al* 266–272
see also **Asylums** *and* **Special hospitals**

HPA axis
Depression and interferon-alpha therapy. E. M. Cassidy and V. O'Keane (C) 494

Hypotension
And risk of depression in the elderly. Sabrina Paterniti *et al* 464–467

Hypothyroidism
Ambient iodine and lithium-associated hypothyroidism. U. Leutgeb (C) 495–496
Lithium-induced. S. Bhandari (C) 95

ICD–10
Cardiff Depression Study. Anne Farmer *et al* 150–155
Duration of remitting psychoses with acute onset. Implications. Ramin Mojtabai *et al* 576–580

ICD–10 Diagnostic Criteria for Research
Three-year outcome of first-episode psychoses. Swaran P. Singh *et al* 210–216

Impact of Event Scale
Psychological debriefing for road traffic accident victims. R. A. Mayou *et al* 589–593

India
Integration of mental health care into primary care. D. Chisholm *et al* 581–588
Psychiatric morbidity of a rural community. D. N. Nandi *et al* 351–356

Industrial therapy
Employment of the insane. Henry Rollin (*One hundred years ago*) 401

Injecting drug users
Extent and contributing factors of drug expenditure in Glasgow. S. J. Hutchinson *et al* 166–172

In-patients *see* **Hospitals**

Inquiries
Consent in mandatory homicide inquiries. H. Rees and A. Lillywhite (C) 496

Interferon
Antidepressant response reversed. R. H. McAllister-Williams *et al* (C) 93
Depression and interferon-alpha therapy. E. M. Cassidy and V. O'Keane (C) 494

Inventories
Brief Symptom Inventory 285–289, 589–593
Social Phobia Inventory (SPIN) 379–386

Involuntary out-patient commitment
And reduction of violence in severe mental illness. Jeffrey W. Swanson *et al* 324–331

Iodine
And lithium-associated hypothyroidism. U. Leutgeb (C) 495–496

Ireland
Labour and delivery complications at birth and later mania. A case register study. Roy Browne *et al* 369–372
Psychiatry and civil unrest in Northern Ireland. H. Harbinson (C) 296. O. E. Daly (*Author's reply*) (C) 296–297
Suicide attempts *v.* deliberate self-harm. M. Lawlor *et al* (C) 91–92

Iterative Classification Tree (ICT)
Developing an actuarial tool for assessing violence risk. John Monahan *et al* 312–319

Japan
Sluggish economics affect health of 'business warriors'. N. Takei *et al* (C) 494–495

Jerusalem syndrome
Further comments. J. S. E. Hellewell and P. M. Haddad (C) 594
Yair Bar-El *et al* 86–90. Comments. M. Kalian and E. Witztum (C) 492

Journals
Authorship of clinical trial reports. D. Wheatley (C) 294. D. S. Baldwin and A. Benbow (*Authors' reply*) (C) 294. Editor's response 294
Open peer review: randomised controlled trial. Elizabeth Walsh *et al* 47–51

Language
Commenting on neuroimaging. S. A. Spence (C) 594
Functional anatomy of verbal fluency in schizophrenia. Sean A. Spence *et al* 52–60. Invited commentary. T. J. Crow 61–63

Learning disabilities
Ageing. A. J. Holland 26–31
APOE ε4, Alzheimer's disease and Down's syndrome. Shoumitro Deb *et al* 468–472
Autism – an evolving concept. T. P. Berney 20–25
CANDID. A needs assessment instrument for adults with mental health problems. K. Xenitidis *et al* 473–478
Catatonia in autistic spectrum disorders. Lorna Wing and Amitta Shah 357–362
Genetic advances. Walter J. Muir 12–19
Health care provision. Christopher L. Morgan *et al* 37–41
Psychotherapy, and trauma. Sheila Hollins and Valerie Sinason 32–36
Reducing antipsychotic medication. Zahir Ahmed *et al* 42–46
Studying grief in adults. C. A. Lyons (C) 297. S. Hollins (*Author's reply*) (C) 297–298
Three decades after Penrose. W. I. Fraser (*Editorial*) 10–11

Life events
And depression. Self-efficacy as a mediator. Paul K. Maciejewski *et al* 373–378
Cardiff Depression Study. Anne Farmer *et al* 150–155
First-episode major depression in adolescents. I. M. Goodyer *et al* 142–149

Lipid peroxidation
Smoking and lipid peroxide and vitamin E levels in never-treated first-episode schizophrenia. Scottish Schizophrenia Research Group (*Preliminary report*) 290–293

Lithium
Ambient iodine and lithium-associated hypothyroidism. U. Leutgeb (C) 495–496
Induced hypothyroidism. S. Bhandari (C) 95
Mortality in patients with affective disorder. A. Brodersen *et al* 429–433

Long-stay patients
Discharged from psychiatric hospitals. TAPS Project 46. Julian Leff and Noam Trieman 217–223

Magnetic resonance imaging
Comprehensiveness of systematic review. S. M. Lawrie *et al* (C) 396–397

Magnetic resonance spectroscopy
Bridging the neurochemistry and neuroanatomy of schizophrenia. Peter F. Buckley and Lee Friedman (*Editorial*) 203–205

Mania
Induction of symptoms by novel antipsychotics. S. Fahy and T. J. Fahy (C) 597
Labour and delivery complications at birth. Roy Browne *et al* 369–372
Post-abortion. I. F. Brockington (C) 92

Marital status
Neighbourhood variation in incidence of schizophrenia. Jim van Os *et al* 243–248

Masturbation
The results. Henry Rollin (*One hundred years ago*) 598

Medically unexplained symptoms
Childhood predictors of adult medically unexplained hospitalisations. Matthew Hotopf *et al* 273–280

Medico-legal issues
Compulsory treatment in anorexia nervosa. P. J. V. Beumont (C) 298–299
Doctors on tribunals. A confusion of roles. Genevra Richardson and David Machin (*Review Article*) 110–115

Medico-Psychological Association
Henry Rollin (*One hundred years ago*) 497–498

Melancholic depression
Antidepressant choice to minimise treatment resistance. A. R. Fraser (C) 493–494
Outcome of hospital-treated depression at 4.5 years. T. A. Tuma 224–228

Men
Sluggish economics affect health of Japanese 'business warriors'. N. Takei *et al* (C) 494–495

Employment of the insane. Henry Rollin (*One hundred years ago*) 401
Portrayal in children's television. Claire Wilson *et al* 440–443
Psychiatric morbidity of a rural Indian community. D. N. Nandi *et al* 351–356
Role of risk assessment in reducing homicides. Eileen Munro and Judith Rumgay 116–120

Meta-analyses
APOE ε4, Alzheimer's disease and Down's syndrome. Shoumitro Deb *et al* 468–472
Fluoxetine *v.* placebo and tricyclics in the short-term treatment of major depression. P. Bech *et al* 421–428

Methadone
Drug expenditure of injectors in Glasgow. S. J. Hutchinson *et al* 166–172

Metropolitan Asylums Board
And its Assistant Medical Officers. Henry Rollin (*One hundred years ago*) 300

Millennium
Further comments on Jerusalem syndrome. J. S. E. Hellewell and P. M. Haddad (C) 594

Mini-Mental State Examination
Depression, cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575

Morbidity
Psychiatric morbidity of a rural Indian community. D. N. Nandi *et al* 351–356

Morgan–Russell Global Assessment Score
Impact of hospitalisation on outcome of adolescent anorexia nervosa. S. G. Gowers *et al* 138–141

Mortality
Adolescent psychiatric in-patients. A high-risk group for premature death. Ellen Kjelsberg 121–125
In a national sample of patients with affective disorders. Eyd Hansen Høyer *et al* 76–82
In patients with affective disorder on lithium. A. Brodersen *et al* 429–433
Outcome of hospital-treated depression at 4.5 years. An elderly and younger cohort compared. T. A. Tuma 224–228
Sudden unexplained death in in-patients. Louis Appleby *et al* (*Editorial*) 405–406
see also **Homicide** *and* **Suicide**

Mothers
Maternal eating disorder and mother–child conflict. J. F. Morgan (C) 298. A. Stein *et al* (*Authors' reply*) (C) 298
Parental high concern and anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137

Movement disorders
Rabbit syndrome treated with olanzapine. R. Durst *et al* (C) 193

Musical ability
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463

National Comorbidity Survey
Lifetime panic–depression comorbidity. Peter P. Roy-Byrne *et al* 229–235

National Treatment Outcome Research Study
Psychiatric symptoms among clients seeking treatment for drug dependence. John Marsden *et al* 285–289

Needs assessment
Camberwell Assessment of Need for the Elderly (CANE). Tom Reynolds *et al* 444–452
CANDID. An instrument for adults with learning disabilities and mental health problems. K. Xenitidis *et al* 473–478

Neighbourhoods
Variation in incidence of schizophrenia. Evidence for person–environment interaction. Jim van Os *et al* 243–248

Netherlands
Depression and risk of cognitive decline and Alzheimer's disease. M. I. Geerlings *et al* 568–575

Neuroimaging
Commenting. S. A. Spence (C) 594
see also **Magnetic resonance imaging, Magnetic resonance spectroscopy, Positron emission tomography** *and* **Single photon emission tomography**

Neuroleptic malignant syndrome
Possible with quetiapine. A. K. Stanley and J. Hunter (C) 497

Non-attendance
Non-residence, non-acceptance. P. Tyrer (C) 596
Prospective controlled study of psychiatric out-patients. Helen Killaspy *et al* 160–165

Non-compliance
Mortality in patients with affective disorder on lithium. A. Brodersen *et al* 429–433

Noradrenergic antidepressants
Antidepressant choice to minimise treatment resistance. A. R. Fraser (C) 493–494

Northern Ireland
Psychiatry and civil unrest. H. Harbinson (C) 296. O. E. Daly (*Author's reply*) (C) 296–297

Nursing homes
Effects of a pharmacist's medication review. Lee Furniss *et al* 563–567

Obsessive–compulsive disorder (OCD)
And delusions revisited. Anne-Marie O'Dwyer and Isaac Marks 281–284
Subjective imagery before and after exposure therapy. Isaac M. Marks *et al* (*Preliminary report*) 387–391

Obstetric complications
And affective psychoses. M. Bain *et al* 523–526. Invited commentaries. T. J. Crow; John L. Waddington 527–530
And later mania. Roy Browne *et al* 369–372
And schizophrenia. R. E. Kendell *et al* 516–522. Invited commentaries. T. J. Crow; John L. Waddington 527–530
Labour and delivery complications and schizophrenia. Majella Byrne *et al* 531–536

Offenders *see* **Forensic psychiatry**

Olanzapine
Rabbit syndrome treated. R. Durst *et al* (C) 193

One hundred years ago
Henry Rollin
Anti-alcoholic serum 96
Employment of the insane 401
Glasgow District Asylum, Gartloch (Report for the year ending May 5th 1899) 195–196
The Medico-Psychological Association 497–498
The Metropolitan Asylums Board and its Assistant Medical Officers 300
The results of masturbation 598

Orgasms
Spontaneous – an epileptic case without structural correlate. R. Crevenna *et al* (C) 300

Out-patients
Involuntary out-patient commitment and reduction of violence. Jeffrey W. Swanson *et al* 324–331
Prospective controlled study of non-attendance. Helen Killaspy *et al* 160–165

Pakistan
Integration of mental health care into primary care. D. Chisholm *et al* 581–588

Panic disorder
Effect of acute tryptophan depletion on CO_2-induced anxiety in patients. H. E. J. Miller *et al* 182–188
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235

Parasuicide
Suicide attempts *v.* deliberate self-harm. M. Lawlor *et al* (C) 91–92

Parenting
Parental high concern and anorexia nervosa. Philip Shoebridge and Simon G. Gowers 132–137

Paroxetine
Drug treatment for resistant depression. S. Daniels (C) 398. M.-F. Poirier (*Author's reply*) (C) 398
Interruption of treatment. David Michelson *et al* 363–368

Paternal age
And schizophrenia in dizygotic twins. L. B. Raschka (C) 400–401

Peer review
Open peer review: randomised controlled trial. Elizabeth Walsh *et al* 47–51

Penrose, L. S.
Three decades after Penrose. W. I. Fraser (*Editorial*) 10–11

Personality Assessment Schedule
And Adult Personality Functioning Assessment compared. Jonathan Hill *et al* 434–439

Personality disorders
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491
Factors predicting the clinical course of generalised anxiety disorder. Kimberly A. Yonkers *et al* 544–549

Commenting on neuroimaging. S. A. Spence (C) 594
Functional anatomy of verbal fluency in patients and those at genetic risk. Sean A. Spence *et al* 52–60. Invited commentary. T. J. Crow 61–63
Paternal age and dizygotic twins. L. B. Raschka (C) 400–401
Synaptophysin gene expression. Sharon L. Eastwood *et al* 236–242

Pathology
Comprehensiveness of systematic review. S. M. Lawrie *et al* (C) 396–397
Synaptophysin gene expression. Sharon L. Eastwood *et al* 236–242

Pathophysiology
Commenting on neuroimaging. S. A. Spence (C) 594
Functional anatomy of verbal fluency. Sean A. Spence *et al* 52–60. Invited commentary. T. J. Crow 61–63
Magnetic resonance spectroscopy. Bridging neurochemistry and neuroanatomy. Peter F. Buckley and Lee Friedman (*Editorial*) 203–205
Motor responses to transcranial magnetic stimulation. N. J. Davey and B. K. Puri (C) 400

Quality of life
Cognitive effects of antipsychotics and relationship to quality of life. W. Kaiser (C) 92–93. T. Sharma (*Author's reply*) (C) 93
Determinants at first presentation. Stephen Browne *et al* 173–176

Scales
Unpublished rating scales: a major source of bias in randomised controlled trials of treatments. Max Marshall *et al* 249–252

Substance misuse
Cigarette smoking in patients. P. Arshad and S. A. Arshad (C) 596. C. McDonald (C) 596–597
Patients who smoke. Robin G. McCreadie and Ciara Kelly (*Editorial*) 109
Smoking and lipid peroxide and vitamin E levels in never-treated first-episode patients. Scottish Schizophrenia Research Group (*Preliminary report*) 290–293
Substance misuse in first-episode psychosis. N. Malik *et al* (C) 195
Substance misuse and violent and disturbed behaviour. Michael Soyka 345–350

Therapy
Cognitive effects of antipsychotics and relationship to quality of life. W. Kaiser (C) 92–93. T. Sharma (*Author's reply*) (C) 93
Unpublished rating scales: a major source of bias in randomised controlled trials. Max Marshall *et al* 249–252

Seasonality
Season of birth in schizophrenia: no latitude at the equator. Gordon Parker *et al* 68–71

Selective serotonin reuptake inhibitors
Antidepressant choice to minimise treatment resistance. A. R. Fraser (C) 493–494
Drug treatment for resistant depression. S. Daniels (C) 398. M.-F. Poirier (*Author's reply*) (C) 398
Interruption of treatment. David Michelson *et al* 363–368
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192
see also **Fluoxetine**

Self-efficacy
As a mediator between stressful life events and depression. Paul K. Maciejewski *et al* 373–378

Serotonin
Impaired regulation of brain function during dieting in women recovered from depression. K. A. Smith *et al* 72–75
Transporters in ecstasy users. A. Heinz and D. W. Jones (C) 193–194. K. P. Ebmeier *et al* (*Authors' reply*) (C) 194–195
Tryptophan depletion in panic disorder. H. E. J. Miller *et al* 182–188

Sertraline
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192

Sex differences *see* **Gender differences**

Sexual dysfunction
Fluoxetine-induced anaesthesia of vagina and nipples. A. Michael and C. Mayer (C) 299
Results of masturbation. Henry Rollin (*One hundred years ago*) 598
Spontaneous orgasms – an epileptic case without structural correlate. R. Crevenna *et al* (C) 300

Singapore
Season of birth in schizophrenia: no latitude at the equator. Gordon Parker *et al* 68–71

Single photon emission tomography
Cerebral perfusion in chronic fatigue syndrome and depression. Siobhan M. MacHale *et al* 550–556

Sleep disorders
Rapid eye movement sleep behaviour disorder. Nicholas A. Clarke *et al* 189–192

Smoking
And lipid peroxide and vitamin E levels in never-treated first-episode schizophrenia. Scottish Schizophrenia Research Group (*Preliminary report*) 290–293
In patients with schizophrenia. P. Arshad and S. A. Arshad (C) 596. C. McDonald (C) 596–597
Patients with schizophrenia. Private disaster, public resource. Robin G. McCreadie and Ciara Kelly (*Editorial*) 109

Social Adjustment Scale
Cassel Personality Disorder Study. Marco Chiesa and Peter Fonagy 485–491

Social deprivation
Health care provision for people with a learning disability. Christopher L. Morgan *et al* 37–41
Neighbourhood variation in incidence of schizophrenia. Jim van Os *et al* 243–248

Social phobia
Phobic nature of social difficulty in facially disfigured people. Robert Newell and Isaac Marks 177–181
Psychometric properties of the Social Phobia Inventory (SPIN). Kathryn M. Connor *et al* 379–386

Social Phobia Inventory (SPIN)
Psychometric properties. Kathryn M. Connor *et al* 379–386

Special hospitals
Trends. 1: Referrals and admissions. Elizabeth Jamieson *et al* 253–259
Trends. 2: Residency and discharge episodes. Martin Butwell *et al* 260–265

Stalking
A contemporary challenge for forensic and clinical psychiatry. J. H. Kamphuis and P. M. G. Emmelkamp (*Review Article*) 206–209

Statistics
Camberwell Assessment of Need for the Elderly (CANE). Development, validity and reliability. Tom Reynolds *et al* 444–452
Developing an actuarial tool for assessing violence risk. John Monahan *et al* 312–319
Familial influence in Alzheimer's disease. Nigel Tunstall *et al* 156–159
Post-stroke depression. V. Di Michele and F. Bolino (C) 94. G. Gainotti *et al* (*Authors' reply*) (C) 94–95
Psychometric properties of the Social Phobia Inventory (SPIN). Kathryn M. Connor *et al* 379–386
Reliability and validity of the CANDID. K. Xenitidis *et al* 473–478
Self-efficacy, stressful life events and depression. Paul K. Maciejewski *et al* 373–378
Suicide in psychiatric hospital in-patients. John Powell *et al* 266–272

Stigma
How mental illness is portrayed in children's television. Claire Wilson *et al* 440–443

Stroke
Post-stroke depression. V. Di Michele and F. Bolino (C) 94. G. Gainotti *et al* (*Authors' reply*) (C) 94–95
Psychological model of post-stroke major depression. S. Ramasubbu (C) 294–295. G. Gainotti (*Author's reply*) (C) 295–296

Study groups
Authorship of clinical trial reports. D. Wheatley (C) 294. D. S. Baldwin and A. Benbow (*Authors' reply*) (C) 294. Editor's response 294

Substance misuse *see* **Alcohol** *and* **Drug misuse**

Sudden death
In psychiatric in-patients. Louis Appleby *et al* (*Editorial*) 405–406

Suicide
Changes in England and Wales 1960 to 1997. C. M. G. McLure 64–67
Cholesterol, and depression. A. Tanskanen *et al* (C) 398–399. K.-P. Su *et al* (C) 399. T. Partonen *et al* (*Authors' reply*) (C) 399–400

In psychiatric hospital in-patients. Risk factors and their predictive power. John Powell *et al* 266–272
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235
Mortality and causes of death in a national sample of patients with affective disorders. Eyd Hansen Høyer *et al* 76–82
Mortality in patients with affective disorder on lithium. A. Brodersen *et al* 429–433
Sluggish economics affect health of Japanese 'business warriors'. N. Takei *et al* (C) 494–495
Suicide attempts *v.* deliberate self-harm. M. Lawlor *et al* (C) 91–92
Trends in England and Wales. N. Middleton and D. Gunnell (C) 595

Synaptophysin
Gene expression in schizophrenia. Investigation of synaptic pathology in the cerebral cortex. Sharon L. Eastwood *et al* 236–242

Systematic review
Comprehensiveness – update. S. M. Lawrie *et al* (C) 396–397

Tardive dyskinesia
Rabbit syndrome treated with olanzapine. R. Durst *et al* (C) 193

Team for the Assessment of Psychiatric Services (TAPS)
Long-stay patients discharged from psychiatric hospitals. Project 46. Julian Leff and Noam Trieman 217–223

Telephone consultation
Crisis telephone consultation for deliberate self-harm patients. M. Darely (C) 91. M. O. Evans (*Author's reply*) (C) 91

Television
How mental illness is portrayed in children's television. Claire Wilson *et al* 440–443

Temporal lobe
Functional correlates of musical and visual ability in frontotemporal dementia. Bruce L. Miller *et al* 458–463

Thrombocytosis
Clozapine-induced. M. E. Hampson (C) 400

Tokophobia
An unreasoning dread of childbirth. Kristina Hofberg and Ian Brockington 83–85

Tourists
Jerusalem syndrome. Yair Bar-El *et al* 86–90. Comments. M. Kalian and E. Witztum (C) 492

Transcranial magnetic stimulation
Motor responses to TMS in schizophrenia. N. J. Davey and B. K. Puri (C) 400

Trauma
Psychiatry and civil unrest in Northern Ireland. H. Harbinson (C) 296. O. E. Daly (*Author's reply*) (C) 296–297
Psychological debriefing for road traffic accident victims. R. A. Mayou *et al* 589–593
Psychotherapy, learning disabilities and trauma. Sheila Hollins and Valerie Sinason 32–36
Tokophobia: an unreasoning dread of childbirth. Kristina Hofberg and Ian Brockington 83–85

Tricyclics
Fluoxetine *v.* placebo and tricyclics in the short-term treatment of major depression. P. Bech *et al* 421–428

Tryptophan
Effect of acute depletion on CO_2-induced anxiety in panic disorder patients. H. E. J. Miller *et al* 182–188
Impaired regulation of brain serotonin function during dieting in women recovered from depression. K. A. Smith *et al* 72–75

Twins
Dizygotic. Paternal age and schizophrenia. L. B. Raschka (C) 400–401

United States
Lifetime panic–depression comorbidity in the National Comorbidity Survey. Peter P. Roy-Byrne *et al* 229–235
Violence in the workplace. Tony A. Fletcher *et al* 339–344

Venlafaxine
Drug treatment for resistant depression. S. Daniels (C) 398. M.-F. Poirier (*Author's reply*) (C) 398

Violence
Consent in mandatory homicide inquiries. H. Rees and A. Lillywhite (C) 496
Developing an actuarial tool for assessing risk. John Monahan *et al* 312–319
In the workplace: new perspectives in forensic mental health services in the USA. Tony A. Fletcher *et al* 339–344
Involuntary out-patient commitment and reduction. Jeffrey W. Swanson *et al* 324–331
Psychiatry and civil unrest in Northern Ireland. H. Harbinson (C) 296. O. E. Daly (*Author's reply*) (C) 296–297
Role of risk assessment in reducing homicides by people with mental illness. Eileen Munro and Judith Rumgay 116–120
Substance misuse, psychiatric disorder and violent and disturbed behaviour. Michael Soyka 345–350

Wales
And England. Suicide trends. N. Middleton and D. Gunnell (C) 595
Changes in suicide in England and Wales 1960 to 1997. C. M. G. McLure 64–67
